

Session 2.2

**ITS – booster of efficiency and sustainability in the transport sector.
What are the benefits of European cooperation?**

The European Transport Policy

Towards a competitive and resource efficient transport system

- Use less energy
- Use cleaner energy
- Exploit efficiently a multimodal, integrated and 'intelligent' network

Program

- Two examples of European cooperation and benefits from a Nordic perspective:
 - EasyWay - Kjersti Leiren Boag (N)
 - E-Safety - Risto Kulmala (FI)
- The operator/authority perspective Charlotte Vithen (DK)
- The large industry perspective Niclas Nygren (S)
- The small to middle sized company perspective Per Hedelund (DK)
- Panel discussion

**Kjersti
Leiren Boag**

Niclas Nygren
VOLVO

**Per
Hedelund**
